**Special Notices.**

At a Regular Meeting of the REPUBLICAN GEN-  
ERAL COMMITTEE OF THE CITY OF NEW-YORK,  
held at No. 100 Broadway, on Wednesday Evening, April 11,  
1860, at which meeting there was a large attendance of the mem-  
bership, the following Resolutions were unanimously  
adopted:

"Whereas, The Republican party of our city, in common with  
most of our citizens, desire additional representations, and  
the communication of the recent acts for such purpose passed by  
the Senate and Assembly, for the reason that the granting of such  
values franchises to a band of speculators (who are not even  
in the majority of the speculators in the country), and such  
acts being urged upon our Legislature by an unscrupulous party,  
who have no interest to subserve but their own selfish pur-  
poses, to the injury of the best interests of our city, and also  
with the view of securing private gain, and with  
those now in existence would present rather than make compen-  
sation and then eaten upon taxpayers, householders, and the  
laboring masses the most odious and impudent ever contemplated  
in the history of legislation; and  
Whereas, Our citizens have used every endeavor to pro-  
mote the passage of judicious sanitary laws for the protection of  
the lives and property of the people, and to secure the health and  
well-being of all our citizens, as well as the financial in-  
terests of our city seemed to demand, and such proper modifica-  
tions of our State-House Department as would prevent frauds  
and abuses were proposed in the Legislature, and such  
well-designed measures have been strangled, passed by, and  
utterly rejected, that these iniquitous railroad schemes might be  
passed to a consummation;"

We therefore earnestly call upon his Excellency, Gov. Morgan, to  
fix by his veto the seal of condemnation upon such acts.

And we further suggest to his Excellency that he recommend  
to the Legislature the passing of such laws, when so amendatory  
as to secure the removal of existing corruption, and to provide  
for the sale of the franchises at auction, under the direction of the  
Controllers of this city, to such persons, who will offer the  
best bid, and thus remove the accumulation of a fund by two-cent contributions from the laboring  
classes, male and female (now seriously oppressed) of our city,  
for any purpose not contemplated by any honest, just and truly  
representative men."

Resolved, That our citizens, proud of our glorious prin-  
ciples, and jealous of our party fame, we pledge ourselves to sus-  
tain all our Representatives who have opposed these unprincipled  
and unscrupulous schemes, and to support them in their protest  
and opposition to such acts.

Resolved, That we have heard with profound regret of the  
death of Mr. J. H. Morgan, a member of the Senate of the Com-  
mittee, and that this name was published in The Tribune and in  
The Evening Post.

Notice to the Public.

The breaking up of the cold weather, and the presence of Spring,  
encloses the life and inertia of our citizens, causing a feeling of listi-  
ness and heaviness, aches and dullness of the head, and what is  
most commonly known as SPRING FEVER. And why? Because  
the sudden change of weather calls all the impurities and secre-  
tions of the system into action, and the results are the ill-com-  
piled, but there is a sure and certain remedy. "THE  
BLOOD IS THE LIFE," and if the BLOOD be free from all  
impurities and putrid humors, there will be no disease.

Dr. F. T. TOWNSEND'S SARAPARILLA,

as manufactured under the direction of the celebrated chemist and  
physician, Dr. JAMES R. CHILTON, is the only effective and  
permanent.

RENOVATOR AND PURIFIER OF THE BLOOD,  
as it contains all the vegetable subtilities which experience has  
tested and proved useful.

ERADICATING DISEASE FROM THE SYSTEM.

A few bottles will most effectually regulate and cleanse the sys-  
tem, and KEEP THE BLOOD PURE.
